

Online Opioid Education Program

Louisiana Orthopaedic Association has collaborated with Medical Interactive Community (MI) to provide a discounted rate to LOA members with 3 hours of opioid CME that meets the subject requirements specified by Act 76 of the Louisiana Legislature and the LSBME rules.

About Medical Interactive Community (MI)

MI's transformative education aligns with evidence-based care patterns and guidelines that empower clinicians to mitigate risk of medical malpractice. MI offers providers the knowledge to implement reliable clinical processes and safe practices that reduce adverse events to improve patient safety.

Program Detail

MI's online controlled substance course meets the subject requirements specified by Act 76 of the Louisiana legislature and the LSBME rules. Education Provides Three Credit Hours for CME, CNE, MOC, AAPA and AANP. Louisiana Act 76 Education Requirement:

- Each prescriber must now complete three hours of education on drug diversion prevention, prescribers' best practices for controlled substances and addiction treatment.
- The required education must be completed before license renewal in 2019 or upon initial licensure.
- This new education requirement is included in the credit hours already required by the Louisiana State Board of Medical Examiners (LSBME), not in addition to the existing requirements.
- Course completion is automatically submitted to the LSBME.
- This course is offered free of charge to LAMMICO insureds and to LOA members at a discounted rate of \$175

Program Access
